A legacy of craftsmanship

1970 marked the birth of a vision. A vision of always innovating, always transforming. Pushing the boundaries of material science. From crafting ornate decor to pioneering technology materials in the industry, to Duropolymer.

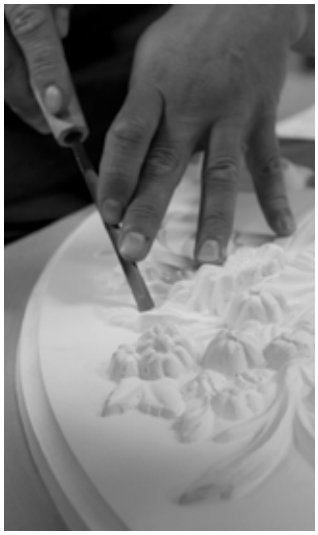

From our genesis as Orac to our expansion into Orac Decor, our journey now brings us back to where it all began: Orac, coming full circle.

ORAC

We shed our old skin — Orac Decor — to emerge simply as Orac, a name that encapsulates our essence and our expansive vision for the future.

NL —
1970 betekende de geboorte van een visie. De visie om altijd te innoveren, om altijd te transformeren. Om de grenzen van materiaalwetenschap te verleggen. Sinds meer dan vijftig jaar drijft onze passie voor innovatie ons tot de creatie van sierlijke ornamenten, baanbrekende technologische materialen alsook Duropolymer. We zijn altijd op zoek naar de brug tussen het blijvende en het revolutionaire. Met elk nieuw kalenderjaar hebben wij – bij Orac – onze originele identiteit overstegen. Van ons ontstaan als Orac tot onze uitbreiding naar Orac Decor, brengt onze reis ons nu terug naar waar het allemaal begon: we zijn opnieuw Orac, de cirkel is rond. We zijn meer dan ambachtslieden in decor; we zijn pioniers, visionairs, verhalenvertellers op vlak van interieur.

FR —
1970 a marqué la naissance d'une vision. La vision de toujours innover, de toujours transformer. Repousser les limites de la science des matériaux. Depuis plus de cinquante ans, notre passion pour l'innovation nous a conduits de la fabrication d'ornements décoratifs à la création de matériaux technologiques pionniers dans l'industrie jusqu'au Duropolymer. Nous cherchons toujours à marier le révolutionnaire au durable. À chaque tournant du calendrier, nous – chez Orac – avons transcendé notre origine. De notre genèse en tant qu'Orac à notre expansion en tant qu'Orac Decor, notre voyage nous ramène aujourd'hui là où tout a commencé : Orac, la boucle est bouclée. Nous sommes plus que des artisans de la décoration ; nous sommes des pionniers, des visionnaires, des narrateurs dans le monde de l'intérieur.

DE —
1970 war die Geburtsstunde einer Vision. Einer Vision der ständigen Innovation, des ständigen Wandels. Die Grenzen der Materialwissenschaft zu überschreiten. Seit über fünfzig Jahren treibt uns unsere Leidenschaft für Innovation an – von der Herstellung kunstvoller Dekore bis hin zu bahnbrechenden technologischen Materialien wie Duropolymer. Immer mit dem Bestreben, das Beständige mit dem Revolutionären zu verbinden. Mit jedem Jahr sind wir – bei Orac – über unsere ursprüngliche Identität hinausgewachsen. Von unserer Entstehung als Orac bis zu unserer Expansion zu Orac Decor führt uns unsere Reise nun dorthin zurück, wo alles begann: Orac, womit sich der Kreis schließt. Wir sind mehr als Dekorationshandwerker; wir sind Pioniere, Visionäre, Geschichten-erzähler der Inneneinrichtung.

ES —
1970 marcó el nacimiento de una visión. Una visión de innovar siempre, de transformarse constantemente. Superando los límites de la ciencia de los materiales. Durante más de cincuenta años, nuestra pasión por la innovación nos ha llevado desde la fabricación de elementos decorativos a materiales pioneros en la industria de la tecnología hasta llegar al Duropolymer. Siempre buscando combiner lo perdurable con lo revolucionario. Con cada giro del calendario, en Orac hemos trascendido a nuestra identitad original. Desde nuestra génesis como Orac hasta nuestra expansión a Orac Decor, nuestro viaje nos lleva ahora de Vuelta al punto de partida: Orac, cerrando así el círculo. Somos más que artesanos de la decoración; somos pioneros, visionarios y narradores del interiorismo.

At Orac, we've always believed that there are many sides to a wall, and we are committed to choosing the good one. In a world where design often feels transient, we've chosen a different path.

Sustainability goes beyond the use of recycled materials; it's about designing ideas that stand the test of time. We understand that true sustainability means creating products that remain relevant for generations, not just a few leeting years.

— A commitment carved in walls

NL —
Bij Orac geloven we al sinds jaar en dag dat een muur vele kanten heeft, en wij zetten ons in om steeds de goeie kant te kiezen. In een wereld waar design vaak vluchtig is, bewandelen wij een ander pad. Duurzaamheid reikt verder dan het gebruik van gerecycleerde materialen, het gaat om het creëren van concepten die de tand des tijds doorstaan. We begrijpen dat echte duurzaamheid inhoudt dat we producten maken die generaties lang meegaan, en niet slechts enkele voorbijgaande jaren relevant zijn.

FR —
Chez Orac, nous pensons qu'un mur peut avoir plusieurs aspects, et nous nous engageons à choisir le meilleur. Dans un monde où le design peut sembler éphémère, nous avons pris une voie différente. Pour nous, la durabilité va au-delà de l'utilisation de matériaux recyclés, c'est trouver des idées de conception qui durent dans le temps. La véritable durabilité signifie créer des produits pertinents pour les générations à venir, et pas seulement pour quelques années.

DE —
Wir bei Orac haben schon immer daran geglaubt, dass eine Wand viele Seiten hat, und wir haben uns entschieden, die gute Seite zu wählen. In einer Welt, in der sich Design oft vergänglich anfühlt, haben wir einen anderen Weg gewählt. Nachhaltigkeit geht über die Verwendung recycelter Materialien hinaus; es geht darum, Ideen zu entwerfen, die Bestand haben. Wir wissen, dass echte Nachhaltigkeit bedeutet, Produkte zu schaffen, die für Generationen relevant bleiben, nicht nur für ein paar flüchtige Jahre.

ES —
En Orac siempre hemos creído que una pared tiene muchas caras, y nosotros nos comprometemos a elegir la buena. En un mundo en el que el diseño parece ser efímero, nosotros elegimos perdurar. La sostenibilidad va más allá del uso de materiales reciclados; se trata de diseñar ideas que resistan el paso del tiempo. Entendemos que la verdadera sostenibilidad significa crear productos que sigan siendo relevantes durante generaciones y no unos pocos años.

— Every wall is a blank canvas

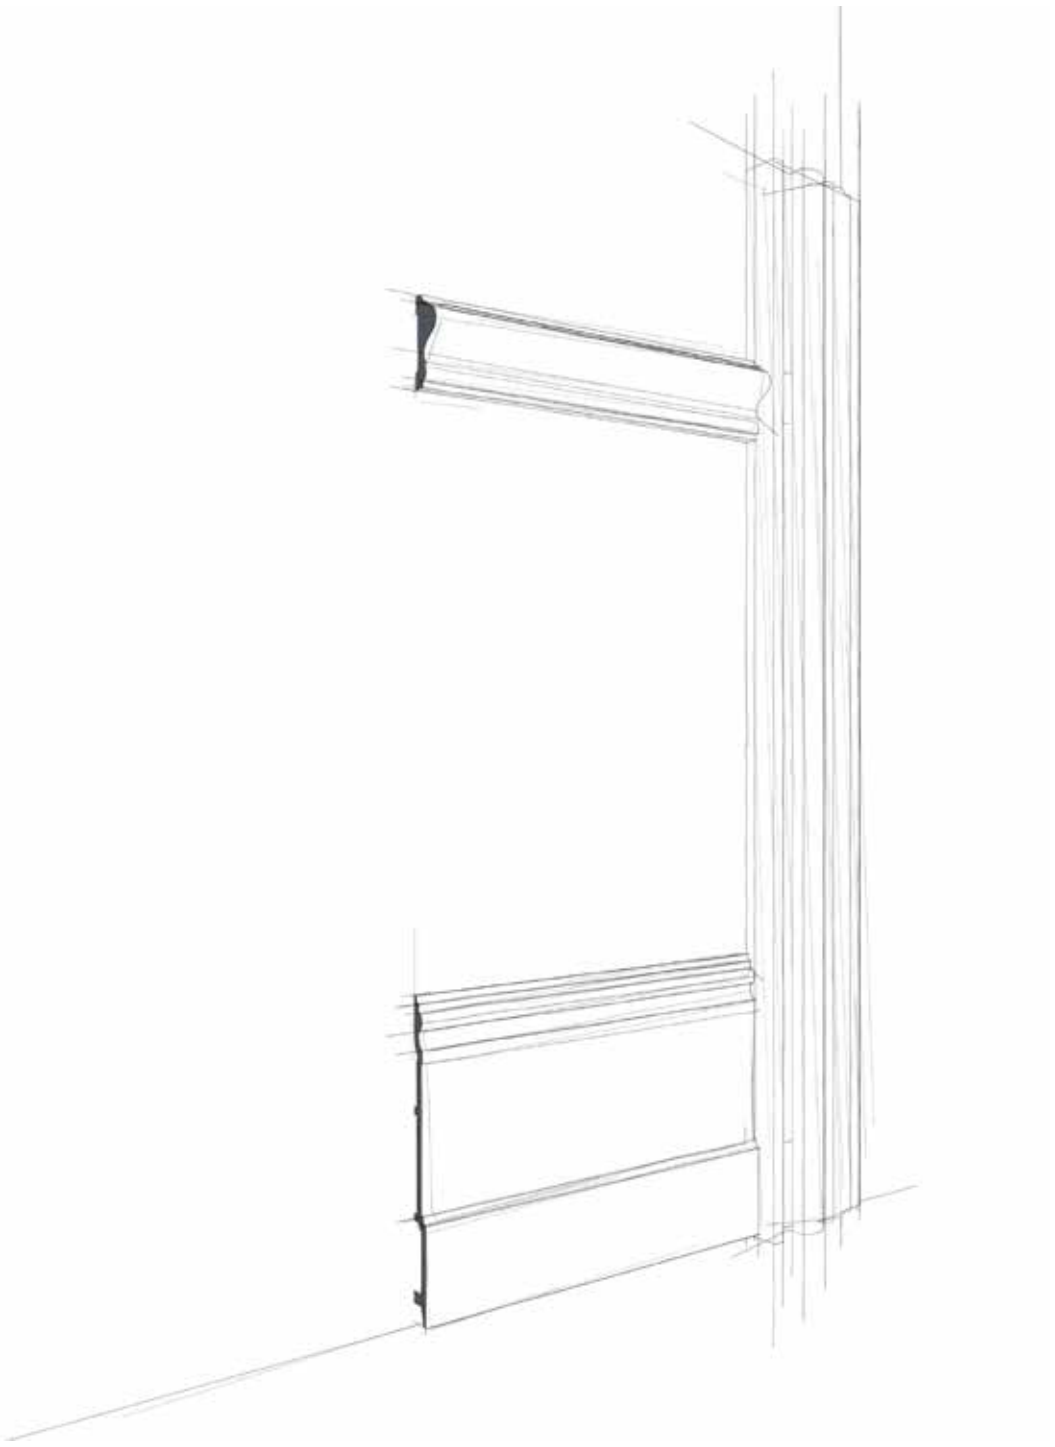

Where others see a flat surface, we see a world of possibilities. A clean primer, waiting for a little intervention. A bare base, in need of shape and dimension. A neutral support, asking to be someone's project and the centre of their attention. Which is all why, at Orac, we like to say we're visual artists of sorts — taking walls as a field of experimentation and at any time, seeking to honour their unique creative potential.

NL —
Waar anderen niet meer dan een vlakte zien, ontvouwt zich voor ons een horizon vol mogelijkheden. Een ongerept doek, klaar voor een creatieve ingreep. Een lege basis die smacht naar vorm en diepte. Een neutrale wand die uitnodigt om het hart van iemands project te worden. Dat is de reden waarom we bij Orac onszelf beschouwen als beeldhouwers van de ruimte – we omarmen muren als ons atelier voor experiment en ontdekking, altijd op zoek om hun unieke creatieve essentie tot uiting te laten komen.

FR —
Là où d'autres voient une surface plane, nous voyons un monde de possibilités. Un socle impeccable, qui attend une petite intervention. Une base vierge, qui a besoin d'une forme et d'une dimension. Un support neutre, qui demande à être le projet de quelqu'un et le centre de son attention. C'est pourquoi, chez Orac, nous aimons dire que nous sommes des sortes d'artistes visuels, considérant les murs comme un champ d'expérimentation et cherchant à tout moment à honorer leur potentiel créatif unique.

DE —
Wo andere eine flache Oberfläche sehen, sehen wir eine Welt voller Möglichkeiten. Eine makellose Grundlage, die auf einen kleinen Eingriff wartet. Eine blanke Basis, der es an Form und Dimension mangelt. Eine neutrale Fläche, die darauf wartet, das Projekt von jemandem zu sein und im Mittelpunkt der Aufmerksamkeit zu stehen.Aus diesem Grund bezeichnen wir uns bei Orac als eine Art visuelle Künstler, die Wände als Experimentierfeld nutzen und stets versuchen, ihr einzigartiges kreatives Potenzial zu entfalten.

ES —
Donde otros ven una superficie plana, nosotros vemos un mundo de posibilidades. Una superficie limpia, a la espera de una pequeña transformación. Una base neutra que necesita forma y dimensión. Un lienzo en blanco, que pide ser el proyecto de alguien y el centro de su atención. Por eso, en Orac nos gusta decir que somos como artistas visuales, que consideramos las paredes como campo de experimentación y tratamos en todo momento de honrar su potencial creativo único.

CORNISAS

It truly does move us when we look up and see how it softens the strict transition between wall and ceiling. For us, a cornice is about attention to detail, be it from ornate to subtle. We have thought them all through so that there should always be an option that meets your personal aspirations.

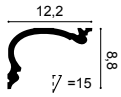

NL –
Omhoog kijken en zien hoe de overgang tussen muur en plafond verzacht wordt. Dat beroert ons. Voor ons draait een kroonlijst om aandacht voor detail. Van sierlijk tot subtiel. Elk design goed doordacht zodat er altijd een optie is die aansluit op je persoonlijke wensen.

FR –
C'est véritablement captivant. En levant les yeux, on remarque comment elle adoucit la transition stricte entre le mur et le plafond. Pour nous, une corniche incarne un souci minutieux du détail, que ce soit dans l'ornementation ou dans la subtilité. Chaque option a été soigneusement pensée pour répondre à vos aspirations personnelles.

DE –
Das bewegt uns wahrhaftig: Wenn wir nach oben schauen und sehen, wie der harte Übergang zwischen Wand und Decke aufgelockert wird. Für uns ist ein Gesims eine Frage der Liebe zum Detail. Von verschnörkelt bis dezent. Wir haben sie alle berücksichtigt. Daher sollte es immer eine Möglichkeit geben, die Ihren persönlichen Ansprüchen entspricht.

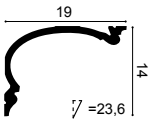

ES –
Es realmente conmovedor cuando miramos hacia arriba y vemos cómo suaviza la estricta transición entre pared y techo. Para nosotros, una cornisa es sinónimo de atención al detalle. De lo ornamentado a lo sencillo. No hemos dejado nada al azar, para que siempre haya una opción que satisfaga tus deseos.

100% biocircular Duropolymer

— Where art meets science

Duropolymer isn't new to us, but our method is. We have been making profound changes in the full lifecycle of this product. We are merging bio-based raw materials with recycled elements to create this 100% biocircular masterpiece. And we've got the ISCC certification* to prove it (for the biobased share).

BIO-BASED RAW MATERIALS WITH ISCC CERTIFICATION

RECYCLED CONSUMER AND POST-INDUSTRIAL WASTE

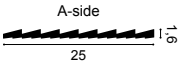

NL —
Duropolymer is niet nieuw voor ons, maar onze methode is dat wel. We hebben ingrijpende veranderingen aangebracht in de volledige levenscyclus van dit product. We combineren biobased grondstoffen met gerecyclede elementen (uit consumentenafval en industrieel afval) om dit 100% biocirculaire meesterwerk te creëren. En we hebben de ISCC-certificering* voor het biobased aandeel om het te bewijzen. Dit nieuwe tijdperk van milieubewuste decoratie is waar kunst wetenschap ontmoet.

FR —
Le duropolymer n'est pas une nouveauté pour nous, mais notre nouvelle méthode l'est. Nous avons fait des changements profonds dans le cycle de vie complet de ce produit. Nous fusionnons des matières premières biosourcées avec des éléments recyclés (issus de déchets post-consommation et post-industriels) pour créer ce chef-d'œuvre 100% biocirculaire. Et nous avons la certification ISCC* pour le prouver. Cette nouvelle ère de décoration éco-responsable est là où l'art rencontre la science.

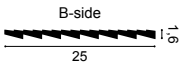

DE —
Duropolymer ist für uns nicht neu, aber unsere neue Methode ist es. Wir haben den gesamten Lebenszyklus dieses Produkts grundlegend verändert. Wir verbinden biobasierte Rohstoffe mit recycelten Elementen (aus post-Consumer-Abfällen und post-industriellen Abfällen), um dieses 100% biozirkuläre Meisterwerk zu schaffen. Um dies zu belegen, haben wir die ISCC-Zertifizierung* für den biobasierten Anteil. In dieser neuen Ära des umweltbewussten Dekors trifft Kunst auf Wissenschaft.

ES —
El duropolymer no es nuevo para nosotros, pero sí lo es nuestro nuevo método. Hemos estado haciendo cambios significativos en el ciclo de vida completo de este producto. Estamos fusionando materiales de origen biológico con elementos reciclados (de desechos post-consumo y post-industriales) para crear esta obra maestra 100% biocircular. Y tenemos la certificación ISCC* para la parte de origen biológica para demostrarlo. Esta nueva era de diseño ecológico es donde el arte se encuentra con la ciencia.

Un mur vide ressemble à une page blanche en attente de prendre forme. C'est pourquoi nous aimons infuser de nouvelles idées avec ces accents polyvalents. L'utilisation de nos cimaises permet de créer une harmonie, un équilibre visuellement agréable et bien proportionné.

DE —
Eine leere Wand gleicht einer blanken Grundlage, die Form und Dimension bedarf. Deshalb lieben wir es, Ideen mit vielseitigen Akzenten zu entwickeln. Durch die Verwendung unserer Wandleisten kommt Harmonie ins Spiel - ein Gefühl von Proportion, das ausgewogen und angenehm für das Auge ist.

ES —
Una pared vacía es como un lienzo en blanco: necesita forma y dimensión. Por eso nos encanta dar vida a tus ideas con estas referencias tan versátiles. Al utilizar molduras entra en juego la armonía y una sensación de proporción equilibrada y agradable a la vista.

You may expect walls to be straight by nature. But we invite you to imagine a flowing interior. Many of our solutions are flexible, following or effectively suggesting a curve in a wall. As far as we're concerned, a rounded corner should never be out of the question.

NL —
Misschien verwacht u dat muren recht zijn, dat is tenslotte wat we vaak zien. Maar wat als u zich laat leiden door de stroming van een interieur dat speelt met lijnen en rondingen? Onze ontwerpen buigen en weven, ze suggereren de elegantie van een curve. Want voor ons is een afgeronde hoek altijd een optie.

FR —
On peut s'attendre à ce que les murs soient droits par nature. Mais nous vous invitons à imaginer un intérieur fluide. Nombre de nos solutions sont flexibles, suivant ou suggérant efficacement la courbe d'un mur. Car pour nous, un coin arrondi ne devrait jamais être exclu.

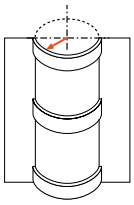

DE —
Sie erwarten vielleicht, dass Wände von Natur aus gerade sind. Wir laden Sie jedoch ein, sich ein fließendes Interieur vorzustellen. Viele unserer Lösungen sind flexibel und folgen einer Kurve in einer Wand oder deuten sie effektiv an. Denn für uns sollte eine abgerundete Ecke niemals unmöglich sein.

ES —
Es común esperar que las paredes sean rectas por naturaleza. Pero te invitamos a imaginar un interior orgánico. Muchas de nuestras soluciones son flexibles, siguiendo o sugiriendo una curva en la pared. Porque para nosotros, una esquina redondeada nunca está de más.
